Córdoba (Spain), 2021 October, 15th, 16th and 17th

Royal Spanish Lifesaving Federation (RFESS) organizes the third edition of the International Congress on Drowning Prevention (CIPREA).

This event is a biennial opportunity to bring together the main experts, research, systems and information on drowning prevention, rescue, lifesaving, water safety and lifesaving sport.

These themes reflect the challenges to reduce drowning at the regional, national and global levels.

The Congress will focus on water activities from the perspective of the following areas:
